

The May Bulletin resulted in many replies from Old Boys both in Canada and Overseas, which encourages us to hammer out another before the holidays. The School is grateful to all those who have sent information about themselves, their relatives, and their friends. As we seem to repeat in each issue, such information serves a threefold purpose - it goes into the Old Boys' Notes in this Bulletin, it is handed on to Mr. Young to appear in the next issue of the School Magazine, and it goes into the records being gradually compiled for a War Book to be published when the war is over.

It should be pointed out that the Old Boys' Notes as a rule contain items which have come to hand since the publication of the previous Bulletin - there is insufficient space to mention every Old Boy on Active Service in each issue, as the list of names alone would take three pages.

We regret to record the reported death of F/O Peter G. Holt, R.C.A.F., in air operations overseas. He was reported missing on his 20th birthday.

#### SCHOOL NOTES

The year is over end at the moment of writing the VIth and VIIth Forms are wrestling with McGill's embarrassing questions on the

second storey work of a guy known to his intimates as Macbeth, and/or the identity of Wordsworth's Lucy, about whose antecedents, if any, examiners always seem to be unduly suspicious. The School, then, is quiet, and if we took the trouble to look we would probably find the Acting Headmaster, Mr. Pattison, in his office gloating over the entry forms for next year, which seem to be coming in most satisfactorily. Mr. Patriquin is labouring in a most ambitious vegetable garden near Williams House, and he is aided and abetted by his two sons Donald and David, both mechanised, the first on a tricycle, the second in a perambulator, G.S. Mark IV. Mr. Young, having predicted infallibly what was going to be on the Spanish paper the other day, has torn himself away from his garden to do the same by tomorrow's French exam. Mr. Moffat has left his two lively daughters to look after Chapman House while he pumps some more Algebra into Vth Formers who are taking a crack at that Matric paper. Mr. Hall is around - he has been appointed a corresponding secretary of the Old Boys' Association, so if there is anything you want to know about the Ass'n drop him a line in care of the School. He is shortly proceeding to "an Eastern Canadian port" to support his elder brother George, about to enter the matrimonial stakes. Miss Molony, who never fails to come to our aid with home addresses and initials of Old Boys when we are wrestling with our still incomplete mailing list, is in the Office waiting to proof-read this....

Colonel Grier, Director of Royal Army Cadets, inspected the Corps on May 26th. As it was raining the Inspection took place in the 35th Bty. Armoury in Sherbrooke. In spite of this change of terrain the Cadet Corps put on an excellent show. Cadet Major Sheppard won the cup for best Officer, Corporal Finley the cup for best NCO, R.W. Stevenson the cup for the best Cadet John Tyler the cup for best recruit, and Band Sgt. Davis a special award for efficiency. Colonel Grier and his family, by the way, have taken a cottage near Ottawa for the summer.

In a track meet held in Sherbrooke for Eastern Township Schools on May 29th, the BCS team coached by Dr. Roebuck romped home with 86 points to Stanstead's 56 in second place.

The First Cricket Team, of which Horniman was Captain, beat LCC in Montreal on June 4th, the score being 107-22, Jim Sewell starring with second to highest score of 2 and taking 4 wickets for 0 runs. Next day on the same field BCS gained a surprise win over Ashbury; we made 75 to their 49 in the first innings, and 94 in the second, leaving Ashbury with 121 to make to win, which they failed to do. In this game Sheppard took 7 wickets for 10 runs.

In the track and field events at the end of the term two new records were set up, one by Sheppard who threw the cricket ball 17 feet 9½ inches, and the other by Hancock, who lowered the Intermediate Half Mile Record by 1/10th of a second. Sheppard took the School All-Round Championship for the second year in succession. Lorimer ran him a close second, and Bono Pitfield was well up in the running until he broke a knee-cap.

The prizes were presented on June 10th by Mr. G. M. (Mac) Stearns, B.C.S. 1917-19, one of the Directors, with Dr. A. H. McGreer, Principal of Bishop's College and a Director of the School, in the chair.

So there goes another - and a darn good - year at BCS, and there go some 35 more BCS boys to the Navy, Army and Air Force. Good luck to those new Old Boys, and to the old Old Boys, till we write again next term.
